For sale is a great Vintage Dayton Moneyweight Scale manufactured by Hobart Manufacturing in Ohio.

Butcher / Meat / Deli Scale Model #1660 in Very Good Condition!

This is a vintage Dayton Hobart Money Weight Porcelain scale originally used in a butcher shop or a grocery store as a meat scale. It is a countertop model which I am guessing is from around the 1950's. It lights up and works fine. I am not sure if it needs to be calibrated. Missing one of the small adjustable feet on the bottom.

Manufactured by Dayton Scale Division The Hobart Manufacturing Company Troy, Ohio
Dayton Hobart Moneyweight Scale Model # 1660 30 lbs. capacity
